

TRAINING SOLUTIONS

ARABIA [TSA]

Established in September 2023 to take its place as a leading consultancy in vocational training in the Middle East and with specialist knowledge of the educational and training sectors in implementing tailor-made accreditation processes and solutions. TS Arabia boasts a significant global presence with multiple offices across various countries including the UK, Spain, Australia, Kingdom of Saudi Arabia and South Africa.

With MOUs in place with leading training providers and specialist manufacturers, TSA has the capacity for strategic collaboration and is able to deliver Continuing Education and training solutions based on bespoke course descriptions with competency-based learning outcomes. Also, our quality standards give you the assurance that our programs and courses meet the quality standards established by the profession.

Training Solutions Arabia is dedicated to being a value-dispatching end-to-end management and training consultancy which is responsive to the unique needs of each client.

Our goal is to empower training entities to cultivate a highly skilled workforce through our specialized services and expertise.

Principles for our Business Relationship

We start by listening to you

Questions asked the right way are crucial to getting workable answers, answers that will allow us to collaborate with a view to open exchange and feedback. Listening to our business clients is the right way to improve ourselves but also our products and services -this will allow us to put forward what is relevant for you on your journey.

We build trust in order to solve problems

At Training Solutions Arabia, we pride ourselves on our ability to build trust with our clients. We understand that their needs are ever-evolving, and we make it a priority to be by their side, ready to adapt and provide tailored solutions to address any challenges that may arise. By fostering a flexible and collaborative approach, we aim to cultivate a strong foundation of trust that guides our interactions and drives successful outcomes. Together, we navigate through errors, tackle challenges, and make well-informed decisions that consider both the opportunities and risks at hand. Our dedication to addressing any conflicts of interest with care further solidifies our commitment to fostering meaningful and productive partnerships.

We lead with Sustainable success

At TS Arabia, we have been at our customers' sides at training institutions for many years. This allows us to draw on a wealth of experience and at the same time lay a sustainable pathway into the future. We use our past learnings to enhance your future opportunities with a sense of responsibility towards people, the environment

and society. This is reflected in how we carry out our daily business and in what decisions we take. We develop innovative solutions that enable safe, high-calibre training centers, offices or work sites. Ultimately, you will base your own reality on our products and services. This is why we see ourselves as a partner for your economic success - we advise and support throughout the entire shared journey.

We progress side by side

At Training Solutions Arabia, we harness the power of teamwork to accomplish far more collectively than we ever could individually. The unique attributes and diverse backgrounds of each team member collaborating on your initiatives ensure superior outcomes. Our mix of perspectives, cultural influences, and varied expertise enhances the overall client journey. Through mutual learning and growth, we propel our clients towards success, constantly striving to drive their progress forward as our ultimate inspiration.

Our Experts

With many years in technical training disciplines such as welding, maintenance fitting, turning, mechanical technology, renewable energy, electrical and electronic engineering, our experts have unrivalled experience in applying those skills in an educational training environment and now sharing those same skills in the fields of curriculum design, program design, syllabus design and project management. With a comprehensive understanding of train-the-trainer

environments and continuing education methodologies, knowledge transfer allows our clients to reap the rewards that come from the application of this knowledge at first hand, in our training institutions. Our experts are also drawn from academic fields and quality management.
